RADICAL LEADER FLEES

**Bomb Maker Not Yet
Arrested; Officers
After Him.**

GARY, Ind., Oct. 15.—Military authorities and federal agents declared today that Alexander Ivanhoff, radical leader and chemist formerly employed in the local steel mills and alleged maker of the May Day and Chicago postoffice bombs, is not yet under arrest. He is being sought as the result of information said to have been given the federal authorities by Anton Gorski, who is under arrest.

Convinced that Ivanhoff has fled from Gary, the federal authorities today transferred their search for the radical leader to Chicago where dozens of department of justice investigators are reported to be following clues.

Federal agents backed by troops early today made four more raids on homes of radical leaders here in which about twenty persons were taken into custody. Six are being held. It is said that further evidence was obtained in these raids of the alleged plot for an uprising of radicals in Gary, although Colonel W. S. Mabee and other officials declined to discuss the details of the information obtained.

Fatty Arbuckle Will Sell Vernon Interests

LOS ANGELES, Oct. 15.—Roscoe (Fatty) Arbuckle has completed his career as a Coast league magnate, and Ed R. Maier is about to make his re-entry into baseball.

Arbuckle delivered his valedictory yesterday afternoon. He has had an option on the Vernon club since early in the season, and during its first pennant-winning year served as its president.

"I secured an option," said Arbuckle, "and intended to buy the club. But it looks as though they do not want me to have it. The price placed on the Vernon team and franchise was \$55,000. When the option expired I offered to take the team and pay \$35,000 down. I thought that a fair proposition. But cash was demanded, and cash deals of that size are not a habit in baseball. This, and the fact that the territorial rights here have not been settled, forced me to forego the deal. So I guess I am through with baseball as far as the Coast league is concerned, except as a booster."

This means that the Vernon team will revert to Maier, and his re-entry into the game, at least as an owner, is certain.

Maier retired in 1916 as a result of differences in the league, and because of the increasing demands on his time of his business interests. Although there has been no official announcement, all the misunderstandings between Maier and President Powers have been cleared up, it is said, and henceforth all the fighting will be done on the ball field, where, after all, lies the success and popularity of baseball. With these two men backing the local clubs, Los Angeles will become a baseball town of major importance.

Lieut. Sheridan And Col. Reynolds Leave Salduro

SALT LAKE, Oct. 14.—Two of three airplanes in the transcontinental air derby held at Salduro, Utah, 100 miles west of here, because of threatening weather this morning departed for Salduro at 2:06 this afternoon. They were entrants No. 40, piloted by Lieut. H. W. Sheridan and No. 11, piloted by Lieut. Col. John Reynolds.

The marine corps entry, No. 108, piloted by Lieut. G. E. Newman, became stuck in the mud when forced to land at Arinos, ten miles east of Salduro. It was expected that it would return to the control station here and resume its flight westward tomorrow morning, weather permitting.

Buena Vista field here is a mass of mud tonight due to a rain which has been falling since last night. No machines arrived here today from either direction. The Fokker plane piloted by Cadet Cardiff, which met misfortune on the first day of the trip, is to be sent back to Mather field.

Salduro also is reported a mass of mud and the lieutenant in charge of that control has advised that few planes be sent there for overnight rests for accommodations are poor.

Maynard Leaves San Francisco.

SAN FRANCISCO, Oct. 14.—Airplane No. 31 with Lieut. B. W. Maynard as pilot and Sergt. W. E. Kleire, observer, left the Presidio here at 1:22 o'clock today on the return flight to New York. This was the first plane to start the return journey from here in the transcontinental air race.

The Golden Age

Every art has its Golden Age, bringing those wondrous works that live on through all the years. And it seems that a Golden Age has dawned for the newest of all arts—the motion picture. The master artist of the screen has brought to us a creation of such exquisite wonder and beauty, of such haunting charm and purity, that all else seems as of yesterday.

Spectacular Battle At Grand Circuit Trotting Event

ATLANTA, Ga., Oct. 14.—Today's grand circuit racing at Lakewood track here was signalized by a spectacular battle between Cox and Murphy, piloted respectively by McGregor, the Great and Mariondale, for a purse of \$2500 in the 2:14 class trotting event, the main one on the card. The honors went to Cox in straight heats.

Geers started his Mamie Locke in this race but his protegee broke so badly near the half mile post in the first heat that she was distanced. Mariondale made the Cox horse fight for every inch of ground. The best time of the meeting so far was made in the second heat when McGregor clipped off the mile in 2:06 1/4.

Louis Gratton, driven by E. Fleming won the 2:03 pace in three straight heats, from a field of four starters, second money going to Bettie Blacklock piloted by Walker. Best time 2:09 1/4.

The other event today was a 2:18 class trot in which only southern horses started and was won by Harry

AMATEUR ACTIVITIES

The battlefields of France during the great war were denuded with mud and water during the greater part of the struggle—and yesterday at Lorin Farr park, some of the boys who crossed the pond—remembered the conditions of that country—when they clashed with the Weber stars at foot-ball. The entire field was a sea of mud. One would mire with the east of a youth—and when one talks of indoor sports—well, those who witnessed the game could appreciate the worth of the players as they endeavored to show their wares as mud gridders.

In one of the periods in the game yesterday Holmston tackled a Weber player in a pool of water. Both boys had a taste of drowning, but both recovered.

The American Legion regulars will clash with the Boxelder high school at Lorin Farr park Saturday if arrangements for the game can be completed today. The Boxelder players hold a 20 to 9 victory over the Weber grid team and the game between the local legion aggregation and the men from Brigham should be a hummer.

Captain Billie Glasman will journey to Salt Lake this afternoon where he will endeavor to make complete arrangements for the Armistice day athletic program scheduled for this city, November 11.

Complete grid material for fifteen men will be purchased for the American Legion team and several first class
